Data Walls

Do:

- Show grade level trends
- Sort students to determine student needs
- Refer to data walls in discussions
- Keep walls in areas away from students and parents

Don’t:

- Single out teachers
- Sort students to determine which “won’t make it” at the end of the year
- Create a wall and never revisit it.
- Use the data walls in conversation/conference with parents or anyone that is not part of the school staff.
Data Walls
